Allowabl Subj ct Matter

Claims 2-6 and 8-10 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest the circuitry configuration associated with an electrostatic actuator as claimed by the applicant through provision of position sensing and feedback so that the desired position of the actuator is achieved..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Direct inquiry concerning this action to Examiner Dougherty at (703) 308-1628.
